Find Your Path

With three distinct service lines to choose from, you'll have the opportunity to find the path that best matches your interests, strengths, and career goals.

Tax

As a member of our Tax team, you will help clients navigate complex tax obligations and make informed decisions with confidence. Working with individuals, businesses, and organisations across a range of industries, you will support tax compliance, planning, consulting, and advisory engagements that help clients achieve their objectives.

From preparing GST and Salary & Wages Tax returns to assisting with strategic tax advice, your work will help clients manage risk, meet their obligations, and identify opportunities for growth. As you develop your technical expertise, you will work alongside experienced professionals, gain exposure to a diverse client base, and contribute to solutions that deliver real value to clients and their businesses.

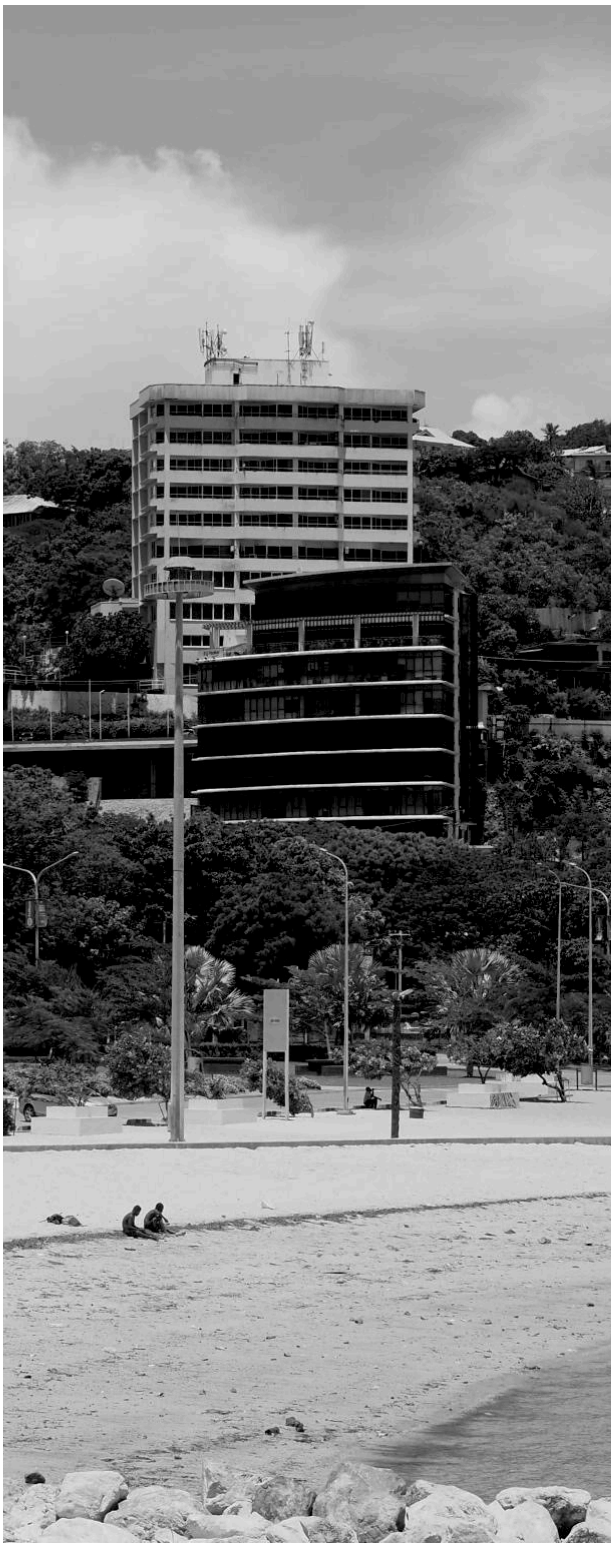

Opportunities for Growth

At KTK, you'll build practical tax knowledge across a broad range of service areas while receiving guidance from experienced mentors. Through on-the-job learning, in-house training, and exposure to a variety of industries, you'll develop the skills and confidence needed to grow into a trusted advisor.

Audit & Assurance

As a member of our Audit & Assurance team, you will help organisations provide reliable financial information to shareholders, investors, lenders, and other stakeholders. Working across statutory audits, internal audits, agreed-upon procedures, and financial statement compilations, you will examine financial records, assess processes and controls, and support the delivery of high-quality assurance services.
Your work will help clients strengthen transparency, meet reporting obligations, and make informed decisions with confidence.

Opportunities for Growth

One of the unique advantages of Audit & Assurance is the opportunity to work with a wide range of clients across different industries. By seeing how organisations operate firsthand, you will develop a broad understanding of business operations, financial reporting, and decision-making processes. Working closely with clients and experienced team members, you will build the professional judgement, attention to detail, and problem-solving skills that are highly valued throughout your career.

Business Advisory

As a member of our Business Advisory team, you will work with organisations to address challenges, improve performance, and plan for the future. You'll contribute to a broad range of engagements, including strategic planning, financial analysis, corporate finance, business restructuring, forensic investigations, mergers and acquisitions, and technology advisory. Your work will help clients make informed decisions, strengthen operations, and respond to changing business needs. By working alongside experienced professionals and engaging directly with clients, you'll gain exposure to a variety of industries and business challenges, developing a well-rounded understanding of how organisations operate and succeed.

Opportunities for Growth

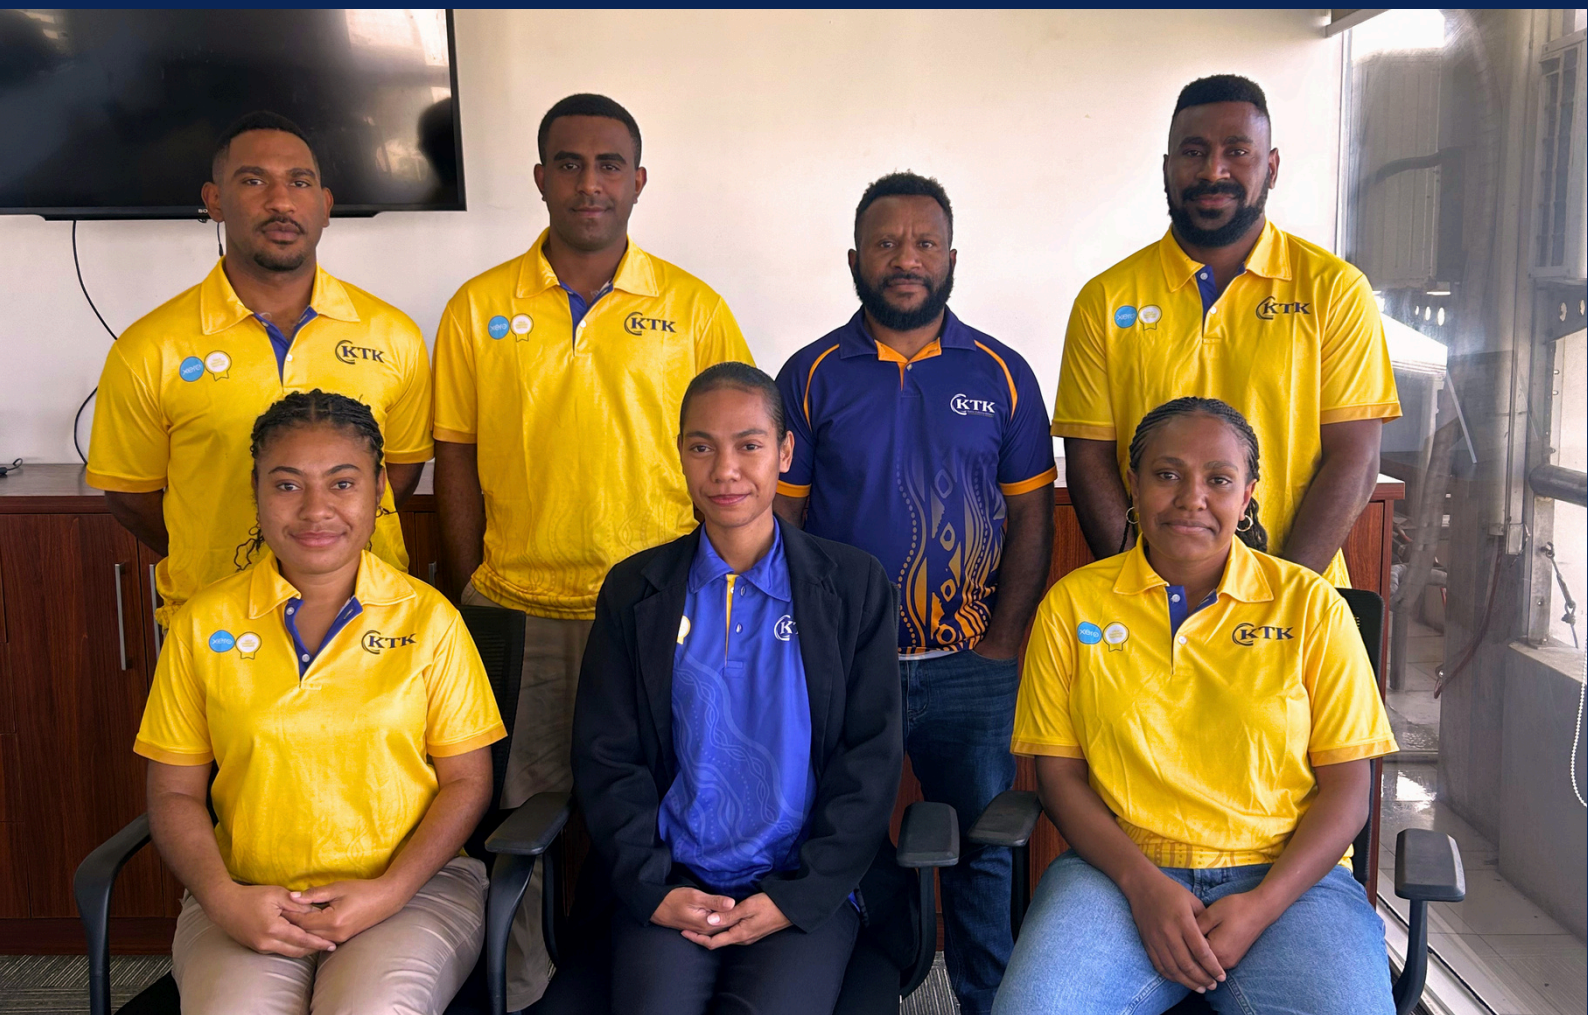

Business Advisory offers diverse and dynamic work, allowing you to build experience across multiple service areas. Whether supporting a business expansion, investigating financial issues, implementing technology solutions, or assisting with major transactions, you'll develop strong analytical, commercial, and problem-solving skills while helping clients achieve meaningful outcomes.

About our 2027 Graduate Program

KTK's Graduate Program is a structured 12-month program designed to develop technical skills, professional confidence, and leadership potential.

Graduates gain hands-on experience across our Tax, Audit, and Business Advisory teams through rotational placements, supported by mentoring from experienced professionals.

Upon completing the program, graduates can pursue a permanent role within their preferred service line and continue building their career with KTK.
